TieEdu Placement Prep Path

2nd Year Se Placement Tak — Ek Raasta, Poora System

> *"Har saal 10 lakh+ B.Tech students graduate hote hain. Placement sirf unka hota hai jo shuruaat sahi time pe, sahi system ke saath karte hain."*

Ye document kya hai?

Ye aapki **2-year preparation blueprint** hai — month-by-month, course-by-course, assessment-by-assessment. Ye koi brochure nahi; ye wo exact plan hai jo aap Day 1 se follow karoge, jab tak offer letter na aa jaye.

Kis ke liye	B.Tech 2nd year students — CSE/IT/ECE/EEE/CS-branches + non-CS bridge support ke saath
Kab se	Apne 2nd year (3rd semester) se — 4th year placement season (Aug–Dec) tak
Kya milega	23+ full courses · weekly contests · weekly assignments · monthly skill tests · 6 mock drives · 6 mock interviews · 3-stage resume review · report cards · certificates · cohort batch
Model	**Ek baar purchase — koi monthly subscription nahi**
Access	24 mahine, ya jab tak placement confirm na ho (jo pehle ho)

PART A — KYA GALAT HO RAHA HAI (Aur Kaise Nahi Hoga)

Problem: Placement ki taiyari kyun fail hoti hai?

#	Real Problem	Root Cause
1	*"DSA shuru kar diya, but kaha tak pahunca koi idea nahi"*	Koi structured milestone nahi, sirf random YouTube playlists
2	*10 subscriptions — DSA ka alag, aptitude ka alag, mock ka alag*	Koi ek jagah nahi, sab scattered, progress bhi fragmented
3	*3rd year end me panic — "ab kya karun?"*	Shuruaat late — 18 mahine ka kaam 6 mahine me fit nahi hota
4	*Self-paced course kharida, 3 mahine me band*	Cohort nahi, accountability nahi, deadline nahi = dropout
5	*Resume interview se 1 din pehle banta hai*	Projects, GitHub, LinkedIn — sab last moment pe
6	*Mock interview ka pata hi nahi tha offer aane se pehle*	Real interview = first interview = 50% chances khatam
7	*Service company vs product company ka farak pata hi nahi*	Har jagah same content — target hi clear nahi

Solution: Placement Prep Path

Ek **2 saal ka preparation operating system** — jisme har hafte kya karna hai, wo pehle se decided hai. Aap sirf follow karo; system baaki sab track karega.

```
❌ BINA PATH                          ✅ WITH PATH
──────────────                        ──────────────
Kya padhna hai? – pata nahi   →       Har hafte ka plan ready
Kitna time dena hai? – guess →        1.5–2 ghante/day fixed rhythm
Progress kaisa hai? – nahi    →       Monthly report card + skill radar
Interview ready? – pata nahi →        Phase gates + mock interviews
Accountability? – akela       →       Cohort batch + streak + leagues
Resume kab banega? – pata nahi →      Resume v0 (Month 1) se hi

PART J — BRANCH-WISE: AAPKE LIYE KYA HAI

Branch	Placement Target	Path Strategy
CSE / IT	Product + Service + Startups	Full path — DSA + CS core + track (SDE ya AI) + company sprints
ECE / EEE	Service companies + Core electronics + IT switch	Core branch courses (semester) + aptitude + DSA + CS basics for IT roles
Mechanical	Core + IT switch (analytical roles)	Semester courses + aptitude + Excel + DSA basics + WebDev (optional switch)
Civil	Core + Govt + IT switch	Semester courses + aptitude + Excel + DSA basics
All branches	Service companies (TCS, Infosys, Wipro, Cognizant...)	Aptitude complete + DSA basics + CS core + mock OAs — **har branch ke liye**

Key insight: 80% service companies har branch se leti hain. Aptitude + DSA + CS core = common denominator. Path wahi cover karta hai, plus branch-specific semester support bhi.

PART K — PARENTS KE LIYE (Ye Section Padho)

> *Agar aap parents ho — ye aapke liye hai.*

Concern	Humara Jawab
"Beta ko kaise pata chalega sahi raasta?"	Path khud decide nahi karta — structured milestones deta hai. Har mahine report card aapko bhi bhej sakte hain (beta ke through).
"Monthly subscription toh bahut hai"	**Ek baar ka payment hai — ₹5,999.** 2 saal tak kuch aur nahi. EMI bhi available hai.
"Kahin ye bhi wahi YouTube wala content toh nahi?"	YouTube pe content hai, **system nahi.** Yahan: deadline, assignment, mock interview, report card, mentor review — sab accountability hai.
"Placement guarantee hai?"	**Nahi — aur koi honest platform guarantee nahi de sakta.** Hum dete hain: structured preparation, consistent practice, interview-level mock practice. Effort student ki, system humara.
"Semester exams pe kya?"	**Sem Exam Week Mode** — path load auto-reduce hota hai, streak safe rehta hai. CGPA aur placement dono manage hote hain.
"Paisa waste ho gaya toh?"	**7 din ke andar refund** (≤10% content consume). Uske baad: pause facility (2×30 days) + extension option. System flexible hai.
"Kitna time lega daily?"	1.5–2 ghante weekdays, 3–4 ghante weekend. **Mobile pe bhi chal sakta hai.**

PART L — FAQ (Jo Har Student Poochta Hai)

Q: 2nd year me enroll karne ka fayda kya hai? 3rd year se bhi toh kar sakta hoon? A: 3rd year me karoge toh 18 mahine ka kaam 12 mahine me fit karna padega — jaldi hi 90% log race me peeche. **2nd year = comfortable pace + pehle internships + placement season pe full confidence.**

Q: Agar ek mahine miss ho jaye (exams, family reason)? A: 2 pauses allowed (30–30 days) + streak freezes (2/month) + Sem Exam Week Mode. **Kuch nahi bigadta.**

Q: Guarantee milega placement? A: **Nahi.** Aur koi honest platform guarantee nahi de sakta. Hum: 2 saal ka structured system + consistent practice + visible progress + interview-level preparation. **Effort aapki, system humari.** Ye baat pehle clear, baad me nahi.

Q: Non-CS branch (Mech/ECE/EEE) ke liye fit hai? A: Haan — core branch subjects (semester support) + aptitude + DSA + CS basics included. Service companies 80% branches se leti hain.

Q: Kitna daily time? A: 1.5–2 ghante weekdays, 3–4 ghante weekend. **Consistency > intensity.**

Q: Course baad me access rahega? A: Purchase se 24 mahine ya placement confirm tak. Extension available. **Certificates lifetime.**

Q: Doubt kaise solve karunga? A: Weekly live doubt session + cohort community + assignment feedback. 1:1 mock interviews me direct expert se baat.

Q: Mobile pe chalega? A: Haan — mobile-first design. Contests, lessons, assignments — sab mobile pe.

Q: Agar mujhe placement nahi karni, higher studies (GATE/MS) karni hai? A: CS core + aptitude + DSA foundation GATE ke liye bhi kaam aata hai. Path ka Phase 1–2 GATE foundation bhi strong karta hai.

Q: Refund policy? A: **7 din ke andar, ≤10% content consume → full refund.** Uske baad nahi (system Day 1 se chalu). Clear, hidden nahi.
